

Project Performance International

**REQUIREMENTS MANAGEMENT TOOLS LIST**

Tool Name	Website	Comments (if any)
A-Ha	<a href="http://www.aha.io/">http://www.aha.io/</a>	Project Planning/Tracker tool with RM functionality
Abacus	<a href="https://www.avolutionsoftware.com/">https://www.avolutionsoftware.com/</a>	Enterprise architecture software with RM functionality that helps build a visual model of company data
Acclaro	<a href="http://www.dfss-software.com/dfss_specs.asp">http://www.dfss-software.com/dfss_specs.asp</a>	DFSS tool with RM functionality
Accompa	<a href="http://www.accompa.com/">http://www.accompa.com/</a>	RM tool
Acunote	<a href="http://www.acunote.com/">http://www.acunote.com/</a>	PM and Scrum software with RM functionality
Agile Manager	<a href="https://software.microfocus.com/en-us/products/agile-project-management-software-development/overview">https://software.microfocus.com/en-us/products/agile-project-management-software-development/overview</a>	Agile and RM
Agile-Designer	<a href="https://www.ca.com/us/products/ca-agile-requirements-designer.html">https://www.ca.com/us/products/ca-agile-requirements-designer.html</a>	Test Design Tool with RM functionality
Agosense.fidelia	<a href="https://agosense.com/en/products/agosensefidelia/">https://agosense.com/en/products/agosensefidelia/</a>	Change controlled Requirements Management with modern architecture which integrates easily into other tool environments
Aligned Elements	<a href="http://www.aligned.ch/features/">http://www.aligned.ch/features/</a>	Develop, maintain and track designs and requirements from old files. Best suited for medical device development.
ALM Application Lifecycle Management	<a href="https://www.microfocus.com/en-us/products/application-lifecycle-management/overview">https://www.microfocus.com/en-us/products/application-lifecycle-management/overview</a>	ALM tool with RM functionality

ALM Octane	<a href="https://software.microfocus.com/en-us/products/alm-octane/overview">https://software.microfocus.com/en-us/products/alm-octane/overview</a>	RM, Agile, DevOps, Testing +
aNimble	<a href="http://sourceforge.net/projects/nimble/">http://sourceforge.net/projects/nimble/</a>	Open source RM tool designed to achieve full SDLC traceability
Aqua ALM	<a href="https://www.andagon.com/en/aqua">https://www.andagon.com/en/aqua</a>	Enables automatic linking of test cases and defects with requirements for enhanced traceability and communication within the project team
Aras	<a href="https://www.aras.com/en/capabilities/requirements">https://www.aras.com/en/capabilities/requirements</a>	PLM inc. RM
ARCWAY Cockpit	<a href="http://www.arcway.com/">http://www.arcway.com/</a>	Includes RM functionality
Atlas	<a href="http://www.microfocus.com/products/requirements-management/atlas/">http://www.microfocus.com/products/requirements-management/atlas/</a>	Agile
Atlassian JIRA	<a href="https://www.atlassian.com/software/jira/">https://www.atlassian.com/software/jira/</a>	Suitable for creating product requirements in an agile environment. 'Confluence' is used for project discussion and gathering requirements for a blueprint.
Avenqo	<a href="http://www.avenqo.com/">http://www.avenqo.com/</a>	Includes RM functionality
Axosoft	<a href="http://www.axosoft.com/">http://www.axosoft.com/</a>	Agile Tool with RM functionality
Balsamiq	<a href="http://www.balsamiq.com/products/mockups">http://www.balsamiq.com/products/mockups</a>	RD, UI Mockup
BusinessOptix	<a href="https://www.businessoptix.com/">https://www.businessoptix.com/</a>	Visual Modeling
CA Agile Central	<a href="https://www.ca.com/us/products/ca-agile-central.html#features">https://www.ca.com/us/products/ca-agile-central.html#features</a>	Agile Tool with RM functionality
CA Agile Requirements Designer	<a href="https://www.ca.com/us/products/ca-agile-requirements-designer.html">https://www.ca.com/us/products/ca-agile-requirements-designer.html</a>	Process and path modeling tool designed to reduce the cost of testing, increase test coverage and improve the quality of requirements and test cases

Cacoo	<a href="https://cacoo.com/enterprise">https://cacoo.com/enterprise</a>	Popular visual modelling including RM visualization capability
Caliber-RM	<a href="https://www.microfocus.com/en-us/products/requirements-management-caliber/overview?utm_medium=301&amp;utm_source=borland.com">https://www.microfocus.com/en-us/products/requirements-management-caliber/overview?utm_medium=301&amp;utm_source=borland.com</a>	Complete requirements solution ensuring compliance and alignment of development to needs
Cameo™ Requirements+	<a href="https://www.nomagic.com/product-addons/magicdraw-addons/cameo-requirements-modeler-plugin">https://www.nomagic.com/product-addons/magicdraw-addons/cameo-requirements-modeler-plugin</a>	Part of the NoMagic Cameo™ suite
Capstera	<a href="http://www.capstera.com/">http://www.capstera.com/</a>	Business Analysis tool with RM functionality
CASE Spec	<a href="http://visualtracespec.com/">http://visualtracespec.com/</a>	Advanced RM and test case management tool
CaseComplete	<a href="http://casecomplete.com/requirements">http://casecomplete.com/requirements</a>	Capture software requirements, use cases and create documents automatically
Code Beamer	<a href="http://intland.com/">http://intland.com/</a>	Application Lifecycle Management which includes RM functionality
Cognition Cockpit	<a href="https://cognition.us">https://cognition.us</a>	Management of user needs, design outputs and system and regulatory requirements during a project
Conclusion	<a href="http://www.ellersoftware.com/">http://www.ellersoftware.com/</a>	Collaborative all-one-solution for requirements management
Contour	<a href="https://www.jamasoftware.com/solutions/requirements-management/">https://www.jamasoftware.com/solutions/requirements-management/</a>	Web-based RM tool
CORE	<a href="http://www.vitechcorp.com/products/core.shtml">http://www.vitechcorp.com/products/core.shtml</a>	Enables quick manouvering between RM, behaviour modelling and simulation and design.
Cradle	<a href="http://www.threesl.com/">http://www.threesl.com/</a>	Includes RM functionality, PM, Visual Modeling

Dakota	<a href="https://www.dakotasoft.com/">https://www.dakotasoft.com/</a>	Environmental Health and Safety compliance tool and risk management tool
Dimensions RM	<a href="https://www.microfocus.com/products/dimensions-rm/">https://www.microfocus.com/products/dimensions-rm/</a>	Comprehensive web-based requirements management
Direct-to-Test	<a href="http://www.critical-logic.com/products/direct-to-test-dtt/">http://www.critical-logic.com/products/direct-to-test-dtt/</a>	Requirements Modeling tool with RM functionality
DOORS	<a href="http://www-01.ibm.com/software/awdtools/doors/productline/">http://www-01.ibm.com/software/awdtools/doors/productline/</a>	Market Leader
DrakonHub	<a href="https://drakonhub.com/">https://drakonhub.com/</a>	Agile visual requirements that aids for enhanced collaboration and traceability
Dynatra	<a href="http://www.dynatrace.com/en/index.html/">http://www.dynatrace.com/en/index.html/</a>	Application Lifecycle Management tool which includes RM functionality
Enfocus Solutions	<a href="http://enfocussolutions.com/services/business-analysis-requirements-management/">http://enfocussolutions.com/services/business-analysis-requirements-management/</a>	RM plus Business Analysis framework
Enovia 3DEXperience	<a href="https://www.3ds.com/fileadmin/PRODUCTS-SERVICES/ENOVIA/PDF/Datasheet/ENOVIA-TRM.pdf">https://www.3ds.com/fileadmin/PRODUCTS-SERVICES/ENOVIA/PDF/Datasheet/ENOVIA-TRM.pdf</a>	RM in suite of tools
Enterprise Architect	<a href="http://www.sparxsystems.com/platforms/requirements_management.html?gclid=CL-rzfx24aoCFUjt7QodfQ6o7A">http://www.sparxsystems.com/platforms/requirements_management.html?gclid=CL-rzfx24aoCFUjt7QodfQ6o7A</a>	Includes RM functionality and Visual Modeling
Envision VIP	<a href="http://www.future-tech.com/requirements.html">http://www.future-tech.com/requirements.html</a>	RM tool that treats requirements as 'Business Objects' with own attributes
Focal Point	<a href="https://teambblue.unicomsi.com/products/focal-point/">https://teambblue.unicomsi.com/products/focal-point/</a>	Visual Modeling, Product Management
FogBugz	<a href="https://www.fogbugz.com">https://www.fogbugz.com</a>	Project Tracker with RM functionality. Tool is also used for agile project management, budgeting, bug tracking, time tracking, prioritizing work and collaborations in every stage of software life cycle.

GatherSpace	<a href="http://www.gatherspace.com/">http://www.gatherspace.com/</a>	RA& RM tool for Agile. This is a web-based on-demand (just login and start) solution for project management and requirements management.
Genesys	<a href="http://www.vitechcorp.com/products/genesys.shtml">http://www.vitechcorp.com/products/genesys.shtml</a>	MBSE tool which includes RM functionality
GoedelWorks	<a href="http://www.altreonic.com/sites/default/files/Brochure%20GW_0.pdf/">http://www.altreonic.com/sites/default/files/Brochure%20GW_0.pdf/</a>	Includes RM functionality
Hansoft	<a href="https://www.perforce.com/downloads/hansoft-server/">https://www.perforce.com/downloads/hansoft-server/</a>	RM tool useful for managing projects with a high degree of customizability, flexibility and support for the tool
HelixRM	<a href="https://www.perforce.com/products/helix-requirements-management">https://www.perforce.com/products/helix-requirements-management</a>	Complete RM tool
HPE ALM/Quality Center	<a href="https://www.microfocus.com/en-us/solutions/software-development-lifecycle">https://www.microfocus.com/en-us/solutions/software-development-lifecycle</a>	HPE application life cycle management tool is useful for all sizes of organizations. Includes features on Agile project management, Quality management, Application life cycle intelligence and Open source Integration.
iConcur Axiom	<a href="https://axiom1.software.informer.com/download/">https://axiom1.software.informer.com/download/</a>	Free requirements writing tool
In-Step BLUE	<a href="http://www.microtool.de/en/products/in-step-blue/">http://www.microtool.de/en/products/in-step-blue/</a>	An integrated tool for RM and project management
Innoslate	<a href="https://www.innoslate.com/">https://www.innoslate.com/</a>	Innoslate is a tool used to develop, capture and analyze the requirements with Income standards. It collaborates very efficiently the requirement management with model-based engineering.
Innovator for Business Analysts	<a href="https://www.mid.de/download/innovator-downloads/innovator-business-analyst">https://www.mid.de/download/innovator-downloads/innovator-business-analyst</a>	Visual Modeling and RM
Integrity Lifecycle Manager	<a href="https://www.ptc.com/en/products/plm/plm-products/integrity-lifecycle-manager/">https://www.ptc.com/en/products/plm/plm-products/integrity-lifecycle-manager/</a>	Agile requirements and test management

iPlan	<a href="http://www.iplanenterprise.com/">http://www.iplanenterprise.com/</a>	Project Planning Framework with RM Functionality
IRIS Business Architect	<a href="http://biz-architect.com/">http://biz-architect.com/</a>	Powerful management tool which dynamically and continuously handles requirement changes efficiently. Tools is compliant with standards and correlates IT with business operations.
iRise	<a href="http://www.irise.com">http://www.irise.com</a>	Responsive prototyping and agile requirements for teams
IRqA	<a href="http://www.visuresolutions.com/inicio">http://www.visuresolutions.com/inicio</a>	RM tool plus basic modeling
JAMA	<a href="http://www.jamasoftware.com/">http://www.jamasoftware.com/</a>	RM, test management, risk management and analytics
JIRA Software	<a href="http://www.atlassian.com/software/jira/overview">http://www.atlassian.com/software/jira/overview</a>	This low cost product has been used for requirements management in small agile projects, sometimes integrated with Confluence (an editor which can integrate JIRA with MS Office)
jUCMNav	<a href="http://jucmnav.softwareengineering.ca/ucm/bin/view/ProjetSEG/WebHome">http://jucmnav.softwareengineering.ca/ucm/bin/view/ProjetSEG/WebHome</a>	Free tool for the User Requirements Notation (URN)
KanBan Flow	<a href="https://kanbanflow.com/">https://kanbanflow.com/</a>	Lean project management with real-time collaboration
Kovair ALM Studio	<a href="http://www.kovair.com/alm-studio/">http://www.kovair.com/alm-studio/</a>	SDLC/ ALM solution that supports isolated teams in performing all steps of RM across the life cycle stage
LeanKit	<a href="https://leankit.com/">https://leankit.com/</a>	Visualize team work as you proceed through
Lighthouse RM	<a href="http://www.workspace.com/">http://www.workspace.com/</a>	Includes RM functionality

LiteRM	<a href="http://www.literm.com/">http://www.literm.com/</a>	Rich requirements assortment, diagram generation and precise definitions functionality for a competitive price
Mac A&D & Win A&D	MAC A&D: <a href="http://www.excelsoftware.com/maca&amp;dproducts">http://www.excelsoftware.com/maca&amp;dproducts</a> WIN A&D: <a href="http://www.excelsoftware.com/wina&amp;dproducts">http://www.excelsoftware.com/wina&amp;dproducts</a>	Software design tool including RM functionality
MagicDraw	<a href="https://www.nomagic.com/products/magicdraw">https://www.nomagic.com/products/magicdraw</a>	Visual Modeling
Matrix Requirements Medical	<a href="https://matrixreq.com/">https://matrixreq.com/</a>	Online requirement and risk management solution for medical devices
MDConnect for DOORS	<a href="http://sodius.com/products-overview/dxl-editor/">http://sodius.com/products-overview/dxl-editor/</a>	Provides access to DOORS objects in the Eclipse environment
Micro Focus Optimal Trace	<a href="http://www.powertest.com/software-requirements-definition-management-micro-focus-optimal-trace.html">http://www.powertest.com/software-requirements-definition-management-micro-focus-optimal-trace.html</a>	Requirements capture software
Modelio Requirement Analyst	<a href="https://www.modeliosoft.com/en/modules/analyst.html">https://www.modeliosoft.com/en/modules/analyst.html</a>	Elicit, analyze, validate, review and manage requirements
Modern Requirements 4TFS	<a href="https://www.modernrequirements.com/modern-requirements4tfs/">https://www.modernrequirements.com/modern-requirements4tfs/</a>	Requirements elicitation, authoring and analysis
MonkeyProof Requirements Manager	<a href="https://monkeyproofsolutions.nl/wordpress/products/model-based-design-toolsuite/requirements-management/">https://monkeyproofsolutions.nl/wordpress/products/model-based-design-toolsuite/requirements-management/</a>	Intended for use with Simulink®, Stateflow®, and code generation tools, however, can be used more generally
Needs & Means	<a href="https://www.needsandmeans.com/">https://www.needsandmeans.com/</a>	Purpose-built Planning Language requirements authoring and management applications
ObjectiF RM	<a href="http://www.microtool.de/en/objectif-rm-tool-for-requirements-engineering/">http://www.microtool.de/en/objectif-rm-tool-for-requirements-engineering/</a>	Visual Modeling, RM, requirements analysis, specification writing
ObjectiF RPM	<a href="http://www.microtool.de/objectif/en/anforderung.asp?call=en">http://www.microtool.de/objectif/en/anforderung.asp?call=en</a>	Visual Modeling, RM, Project Management and Agile

Objectiver	<a href="http://www.objectiver.com/">http://www.objectiver.com/</a>	RM plus RA
Omnitracker	<a href="https://www.omnitracker.com/en/?r=rmt">https://www.omnitracker.com/en/?r=rmt</a>	Requirements gathering software tool
OneDesk Enterprise Social Suite	<a href="http://www.onedesk.com/">http://www.onedesk.com/</a>	PM tool with RM functionality
Open Project	<a href="https://www.openproject.org/">https://www.openproject.org/</a>	Agile
OpenShore	<a href="http://www.openshore.org/">http://www.openshore.org/</a>	Semantic Document Repository
Orcanos	<a href="https://www.orcanos.com/compliance/products/requirements-management/?r=rmt">https://www.orcanos.com/compliance/products/requirements-management/?r=rmt</a>	RM tool with enhanced traceability capability
PACE	<a href="http://www.viewset.com/products">http://www.viewset.com/products</a>	Includes RM functionality
Pearls	<a href="https://pearls-inc.com/">https://pearls-inc.com/</a>	Add and manage use cases and requirements
Pivotal Tracker	<a href="http://www.pivotaltracker.com/">http://www.pivotaltracker.com/</a>	Includes basic requirements management functionality intended for use in an agile development environment
PixRef Pro	<a href="http://www.pi-innovo.com/products/openecu-utility-software/pixref">http://www.pi-innovo.com/products/openecu-utility-software/pixref</a>	Traces into content of files
Polarion Requirements	<a href="http://www.polarion.com/products/requirements/index.php/">http://www.polarion.com/products/requirements/index.php/</a>	Coordinate and track all requirements management activities throughout the development life cycle and across projects
Pond	<a href="http://www.floruitlabs.com/">http://www.floruitlabs.com/</a>	A simple requirements management tool built with process improvement in mind. The philosophy is that a simple process means risk is avoided and cost is reduced.
PREEvision	<a href="http://vector.com/vi_preevision_en.html">http://vector.com/vi_preevision_en.html</a>	Modeling tool with RE functionality

Process Street	<a href="https://www.process.st/">https://www.process.st/</a>	User-friendly Requirements Management tool to manage processes, team workflow, checklists and operating procedures
Projectricity	<a href="https://www.projectricity.com">https://www.projectricity.com</a>	RM tool
ProR	<a href="http://eclipse.org/rmf/pror/">http://eclipse.org/rmf/pror/</a>	ProR is a tool for requirements engineering that supports the ReqIF 1.0.1 Standard natively
pSODA	<a href="https://www.psoda.com/global/">https://www.psoda.com/global/</a>	Online cloud project management software with RM functionality
PTC Application Lifecycle Management	<a href="https://www.ptc.com/en/products/all">https://www.ptc.com/en/products/all</a>	Includes RM functionality
PTC Integrity	<a href="https://www.ptc.com/en/products/plm/plm-products">https://www.ptc.com/en/products/plm/plm-products</a>	APM Tool with RM functionality
QFD Capture	<a href="http://www.qfdcapture.com/">http://www.qfdcapture.com/</a>	Business Analysis tool which includes RM functionality
QPack Requirements Management	<a href="http://www.orcanos.com/compliance/products/requirements-management/">http://www.orcanos.com/compliance/products/requirements-management/</a>	RM Tool
Quality Centre Enterprise	<a href="https://software.microfocus.com/en-us/products/quality-center-quality-management/overview">https://software.microfocus.com/en-us/products/quality-center-quality-management/overview</a>	Includes RM capability
R4J- Requirements Management for Jira	<a href="https://marketplace.atlassian.com/apps/1213064/r4j-requirements-management-for-jira">https://marketplace.atlassian.com/apps/1213064/r4j-requirements-management-for-jira</a>	Web-based dashboard for product teams to collaboratively manage requirements, change requests, issues, and reporting
RaQuest	<a href="http://www.raquest.com/">http://www.raquest.com/</a>	RaQuest is a Requirements Management tool for UML Modeling tool Enterprise Architect (EA)
Rational DOORS	<a href="http://www-03.ibm.com/software/products/en/ratidoorng/">http://www-03.ibm.com/software/products/en/ratidoorng/</a>	Capture, trace, analyse and manage systems and advanced IT application development

Rational Focal Point	<a href="https://www.teambblue.unicomsi.com/products/focal-point/">https://www.teambblue.unicomsi.com/products/focal-point/</a>	Includes RM functionality
Rational Requirements Composer	<a href="https://www.process.st">https://www.process.st</a>	RM tool
Raven	<a href="http://www.ravenflow.com/">http://www.ravenflow.com/</a>	Translates natural language in requirements/models/diagrams
RDD-100 Version	<a href="http://www.holagent.com/">http://www.holagent.com/</a>	Includes RM functionality
ReqChecker	<a href="https://reqchecker.eu">https://reqchecker.eu</a>	Control and checks coverage of the requirements
ReqEdit	<a href="https://www.reqteam.com/en">https://www.reqteam.com/en</a>	A simple and portable ReqIF editor for Windows OS
Reqtify	<a href="https://www.3ds.com/products-services/catia/products/reqtify/">https://www.3ds.com/products-services/catia/products/reqtify/</a>	RM, traceability and impact analysis
Requirement One	<a href="http://www.requirementone.com/">http://www.requirementone.com/</a>	All-in-one compliance management
Requirement Tracing System	<a href="http://bandwood.com/portfolio/change-management-system/">http://bandwood.com/portfolio/change-management-system/</a>	Metric-based analysis of requirements
Requirements Assistant	<a href="http://www.requirementsassistant.nl/">http://www.requirementsassistant.nl/</a>	Analyses requirements at sentence, paragraph and document level for better requirements
Requirements Hub	<a href="https://selecthub.com/requirementshub/">https://selecthub.com/requirementshub/</a>	Requirements templates, stakeholder collaboration and automated workflow
Requirements Ninja	<a href="https://itunes.apple.com/TR/app/id921251297">https://itunes.apple.com/TR/app/id921251297</a>	Capture and document business requirements and create a requirement document in real time
Requirements Quality Suite	<a href="http://www.reusecompany.com/requirements-quality-suite">http://www.reusecompany.com/requirements-quality-suite</a>	Includes Requirements Authoring Tool (RAT), Requirements Quality Analyser (RQA) and Knowledge Manager (KM)

ReqVIEW	<a href="http://www.reqview.com/">http://www.reqview.com/</a>	Simple and powerful RM tool for software and system development projects
RESDES	<a href="http://www.jenzundpartner.de/repositories/requirements-repository/overview.html">http://www.jenzundpartner.de/repositories/requirements-repository/overview.html</a>	Includes RM functionality
Rhapsody from IBM	<a href="https://www.ibm.com/us-en/marketplace/rational-rhapsody">https://www.ibm.com/us-en/marketplace/rational-rhapsody</a>	Provides RA functionality
Rhythm	<a href="https://www.microfocus.com/products/rhythm/">https://www.microfocus.com/products/rhythm/</a>	Agile and RM
RMdB	<a href="https://www.softtechsolutions.com.au/">https://www.softtechsolutions.com.au/</a>	Requirements, risk and tender management tools
RMsis	<a href="http://www.optimizory.com/">http://www.optimizory.com/</a>	RM Tool. Integrates with JIRA
RMTrack	<a href="https://www.rmtrak.com/home.aspx">https://www.rmtrak.com/home.aspx</a>	Simple tool for tagging, tracing, allocating and verifying project requirements
Rommana ALM	<a href="https://rommanasoftware.com/requirement-tools.php">https://rommanasoftware.com/requirement-tools.php</a>	ALM tool with RM functionality
RQA (Requirements Quality Analyzer)	<a href="http://www.reusecompany.com/">http://www.reusecompany.com/</a>	A checking tool that carries out lexical and syntactic analysis of requirements
ScopeMaster	<a href="https://www.scopemaster.com/">https://www.scopemaster.com/</a>	Finds defects in software requirements and simultaneously generates functional size estimate
Scrumwise	<a href="http://www.scrumwise.com/">http://www.scrumwise.com/</a>	Agile tool with RM functionality
Serena Dimensions RM	<a href="https://www.microfocus.com/serena/?utm_medium=301&amp;utm_source=serena.com">https://www.microfocus.com/serena/?utm_medium=301&amp;utm_source=serena.com</a>	IT change management tool
SILKROAD ALM	<a href="http://www.nsetec.com/">www.nsetec.com/</a>	SILKROAD is an application life cycle management system for high reliability software
Silkroad ALM	<a href="http://www.silkroadalm.com/main.do">http://www.silkroadalm.com/main.do</a>	Application lifecycle management reliability software with RM capability

SOX2RM	<a href="http://www.enco-software.com/software/#requirements">http://www.enco-software.com/software/#requirements</a>	Safety and security engineering workbench with RM functionality
SpiraTest	<a href="http://www.inflectra.com/SpiraTest/">http://www.inflectra.com/SpiraTest/</a>	Test management, requirements and bug tracking
StateStep	<a href="https://statestep.com">https://statestep.com</a>	Supports specification by avoiding costly, time-consuming oversights
StoriesOnBoard	<a href="https://storiesonboard.com/">https://storiesonboard.com/</a>	StoriesOnBoard is a visual requirements tracking and collaboration tool that enables creation of user stories, requirements, and features that can be prioritized as desired
SwiftCase	<a href="http://www.swiftcase.co.uk">www.swiftcase.co.uk</a>	Scalable business platform for automating workflow across a versatile range of industries
SwiftKanBan	<a href="https://www.digite.com/swiftkanban/">https://www.digite.com/swiftkanban/</a>	Lean agile PM with RM functionality
Target Process	<a href="https://www.targetprocess.com/">https://www.targetprocess.com/</a>	Agile
Teamcenter SE	<a href="http://www.plm.automation.siemens.com/en_us/index.shtml">http://www.plm.automation.siemens.com/en_us/index.shtml</a>	Includes RM functionality
TestCenter	<a href="https://www.testcenter.one/?utm_source=capterra">https://www.testcenter.one/?utm_source=capterra</a>	TestCenter supports you in documenting, analyzing and administrating all core test artifacts such as requirements, test cases, test runs and relates them to each other as well as product releases
Top Team Visual Use Case	<a href="http://www.visualusecase.com/">http://www.visualusecase.com/</a>	Visual Modeling for clear and accurate requirements capture
TopTeam Analyst	<a href="http://www.technosolutions.com/topteam_analyst.html">http://www.technosolutions.com/topteam_analyst.html</a>	RD and RM tool with visualization capability
Tosca	<a href="http://www.tricentis.com/tricentis-tosca-testsuite/software-test-management-execution/">http://www.tricentis.com/tricentis-tosca-testsuite/software-test-management-execution/</a>	Test Management tool with RM functionality

Tracecloud	<a href="http://www.tracecloud.com/GloreeJava2/jsp/WebSite/TCHome.jsp">http://www.tracecloud.com/GloreeJava2/jsp/WebSite/TCHome.jsp</a>	Requirements management and traceability online
TrackStudio	<a href="http://www.trackstudio.com/">http://www.trackstudio.com/</a>	Ultra-configurable issue tracking system with requirements gathering and PM capability
TREND/Analyst	<a href="https://www.gebit.de/loesungen/technische-loesungen/trend-analyst-requirements.html">https://www.gebit.de/loesungen/technische-loesungen/trend-analyst-requirements.html</a>	Requirements engineering for application development
Tuleap Enterprise	<a href="https://www.tuleap.org/">https://www.tuleap.org/</a>	All in one Agile development with RM functionality
VersionOne	<a href="http://www.versionone.com/product/agile-project-management-tool-overview/">http://www.versionone.com/product/agile-project-management-tool-overview/</a>	Agile Project Management Tool with RM functionality
Visible Thread	<a href="http://www.visiblethread.com/products/visiblethread/">http://www.visiblethread.com/products/visiblethread/</a>	Sales and Business SW with RM and Traceability functionality
Visual Paradigm	<a href="http://www.visual-paradigm.com/features/">http://www.visual-paradigm.com/features/</a>	Visual Modeling for building and management diagrams and elements
Visual Trace Spec	<a href="http://visualtracespec.com/">http://visualtracespec.com/</a>	Fully customizable, user-friendly tool for requirements specification and traceability
Visure Requirements	<a href="https://visuresolutions.com/">https://visuresolutions.com/</a>	Comprehensive collaborative ALM platform including full traceability, tight integration with MS Word/Excel, and standard compliance templates for ISO 26262, IEC 62304, IEC 61508, CENELEC 50128, DO-178B/C, FMEA, SPICE, CMMI, etc.
Workspace	<a href="http://www.workspace.com/">http://www.workspace.com/</a>	Free project management with no project or user limits (includes RM functionality)
Yodiz	<a href="https://www.yodiz.com/">https://www.yodiz.com/</a>	Scalable agile tool for teams with RM functionality

Yonix	<a href="http://www.yonix.com/#features">http://www.yonix.com/#features</a>	Comprehensive PM tool with RM functionality
-------	---	---

The scope keywords are:

**Agile:** The tool provides specific artifacts and workflow support for requirements practices in agile development.

**ALM:** The tool provides specific functionality for Application Lifecycle Management (ALM) i.e. the specification, design, development and testing of a software application.

**DevOps:** The tool provides specific support for unifying software development and software operation.

**DFSS:** The tool provides specific support for the Design for Six Sigma (DFSS) business-process management method.

**Issue Management:** The tool provides specific support for issue, request, or defect management.

**Product Management:** The tool provides specific features for product management, such as portfolio management and release management.

**Project Management:** The tool provides specific support for project management.

**PLM:** The tool provides specific support for Product lifecycle management (PLM) i.e. integration of data, processes, business systems and people in an enterprise.

**RA:** Requirements Analysis, the tool provides specific functionality supporting the entire requirements analysis process including identification, capturing, management and verification.

**RD:** Requirements Development, also denoted Requirements Definition; the tool provides specific functionality supporting the early stage of the requirements life cycle.

**RM:** Requirements Management; the tool provides the core functionality for record-based management of requirements, and sometimes also document-based RM.

**Testing:** The tool provides specific support for artifacts and processes of testing, especially in combination with RM (e.g., requirements-based testing).

**UI Mockup:** The tool provides specific support for prototyping or developing graphical user interfaces.

**Visual Modeling:** The tool provides specific functionality for graphical models, such as UML, BPMN, or SysML models, or for hand-drawn sketches.
